Project:
15042 SPALFORD TO SOUTH CLIFTON

Title
Cross section 8 with typical shared path construction

Drawn:	Checked:	Date:	Scale at A4:
MMI	MP	10/01/24	1:25

Status: FOR TENDER

Drawing No: 15042-CN-SD-00-D08

Revision: A

Note: Permeable subbase throughout using a minimum of 125mm 20-5 Carboniferous limestone and minimum 25mm layer of 2-6mm Carboniferous limestone as a top layer.

Larger stones will act as a filter to allow water to seep slowly into the ground.
